VALERIA ANAYA

I am 5-years-old and I live with my Mama, Papa, and my older sister who is in elementary school. I will be in kindergarten this school year. My mama walks my sister and me to school every day. It is a long hard walk up the steep canyon road. It is easy going home. I love

going to school. I learn to read, write, color, and sing songs with my classmates. My favorite food is vegetables.

KAREN EVELIN RENTERÍA

I live with my family in the canyon behind the school in a wooden house with my mom, my dad, and a little brother. My dad uses his old truck to collect different types of metal from the garbage dump and junk yards. He sells it to recycling plants to make money to buy food for

my family. I'm going to kindergarten. Last year my teacher was Profe Felipe who told me that I behave very well in school and with my classmates. I learn a lot in school like how to paint, cut figures with scissors, write, and sing which I love to do. My favorite food is spaghetti. My favorite drink is soda.

SPONSORING A CHILD

If you would like to sponsor a child's education for the 2012-13 school year, there are the various methods to do so. Once I hear from you, whether by regular mail or email, I will either mail you a photograph of your "adopted" child or email one with a short biography.

_____ one day per month- \$7 _____ one week per month- \$35
_____ two weeks per month-\$70 _____ three weeks per month -\$105
_____ the entire month-\$140

There are various ways to make your donation:

- A. **Use monthly envelopes to send your monthly donation.** (The envelopes will be mailed to you.)
- B. **Choose the amount you are comfortable with and send one check for that entire amount (Multiply by 10 for a school year).** The total cost to send one child to school for a year is \$1400.
- C. **Donate online at www.responsibilityonline.org.** Follow payment instructions. Then email lynchdavid@aol.com . I will then send you the photograph and biography of your "adopted" child. (This is the easiest method.)
