*"If you want to help for a day, give them food.
If you want to help for a year, give them a tree.
If you want to help for a lifetime, give them an education."*

Meet Our Students

Eduardo Figueroa Chavez

My name is Eduardo Figueroa Chavez and I'm six. I am in kindergarten at Escuela David Lynch. When I am at school, my favorite things to do are play on the slide and work on the computer. I like to study but not too much. I only do my homework after I am tired of playing or after my friends go home.

In my house, I help my mama by making my bed and throwing out the garbage. When I am at home by myself, I like to play with my toy soldiers. I don't have any brothers or sisters. I get sad when my mama goes out and leaves me at home alone. Sometimes I try to find her, but usually I can't.

Manuel Manzo Llanos

Manuel Manzo Llanos is my name and I am six. I have three brothers. In my kindergarten class I love to do my assignments and learn lots of things. I also love to color and cut out things and glue them. And I also love recess and playing with my friends.

In my house, I like to help my mama wash the dishes. What makes me sad is when I am punished and I can't play with my friends.

Marina Menchaca López

My name is Marina Menchaca López. I am in Escuela David Lynch. In school I like to study and play with my classmates. I like learning letters and numbers.

In my house, I help my mama wash the dishes, make the beds, sweep the floors, and all the things my mama does. I like to sleep with my dolls and my sister. I don't like it when my sister Erika isn't home. That makes me sad, but when she does come home, I become happy.

4

Nataly Pérez Barrios

I am Nataly Pérez Barrios and I am five. I really like coming to school and drawing, painting, and learning new things because when I am big, I will know a lot of things.

At home I like to eat. I also like to help my mama cook. And I help wash the dishes and clean the house. I don't like doing those things a lot, but I do them to help my mama. I have four brothers and sisters, a mama and a papa.

5

Irene Santos Santos

My name is Irene Santos Santos and I am six. I am very intelligent. I can read better than my sister Uriel, who is in elementary school. I like learning new things and that is why I study a lot. I also like my computer classes with Professor David. I like learning English and saying "Good Morning" to Professor David. (He speaks English.) And I like my art classes and recess.
